NORTHFIELD HEALTH

Inpatient Medication Sign-off Rules

Document ID:	HOSP-BYLAW-88
Version:	v1.1
Authority Tier:	Tier 5 - Department Memo / Bylaw
Document Type:	Internal bylaw
Owner:	Dr. A. Cho, Inpatient Pharmacy (Hospital Operations Directorate)
Approver:	Pharmacy and Therapeutics Committee
Department:	Inpatient Pharmacy
Effective Date:	August 14, 2023
Last Reviewed:	November 5, 2024
Next Review:	November 5, 2025 (OVERDUE)
Status:	Active - Review overdue. A draft revision (HOSP-BYLAW-88-RevB) is under committee review; this version remains in force.

Section 11.1 Scope

This bylaw sets the sign-off steps for medication orders on inpatient units and for transfers between units.

Section 11.8 Pediatric orders and unit transfers

Pediatric orders and unit transfers out of critical care zones mandate written attending physician countersignature prior to infusion. Electronic or verbal countersignature does not satisfy this section.

Section 11.9 High-alert medications

High-alert medications, including concentrated electrolytes, require independent double-verification by two licensed staff members before administration.

Section 11.12 Exceptions

No exception to Section 11.8 may be granted by a unit manager. Exceptions require written approval from the Chief Medical Officer.
